

COMPANY POLICY

ENVIRONMENTAL

The company is committed to meeting industry best practice in environmental performance and to this end we are registered to ISO14001 as part of our Integrated Management System.

We recognise that our activities will always have some impact on the environment and will endeavour to minimise them where possible. We believe that good environmental performance helps ensure good business performance.

In pursuit of these goals we will seek continuous improvement by implementing the following principles:

- Conduct our activities to meet the requirements of the law and the requirements of applicable legislation, regulation and standards.
- Develop and promote policies and procedures that minimise the environmental impacts that our activities have upon the environment, prevent pollution and deal with emergencies efficiently and effectively.
- Work with stakeholders, clients, suppliers and communities in which we operate to pursue environmental best practice and encourage the development of suitable method which promote environmental protection and/or minimise their environmental effects and to apply environmentally favourable solutions.
- Educate and train our employees to help them include environmental considerations in all aspects of their work.
- Prevent pollution and should this occur, have plans in place to minimise the impact.
- Make efficient use of energy and natural resources and, where possible, minimise the use of raw materials and the production of waste.
- Think carefully about the life cycle stages that can be controlled or influenced by us including raw material acquisition, design, production, transportation, use, end-of-life treatment and final disposal of our services and physical assets
- Set and monitor environmental objectives and targets.

It is envisaged that environmental issues, environmental legislation and environmental priorities will change with time. Therefore, the company will monitor environmental developments, regularly review and where necessary amend, revise or make additions to this policy at a frequency of no less than annually.
